## **APPLICATIONS FOR NEW BUSINESS**

All new business applications shall be submitted on Arbella.com.

All new business applications and supplemental application questions must be fully completed and signed by the insured. In accordance with your agency agreement, please submit each application, the required deposit, and all supporting documents within two business days.

Our preferred method to receive documentation is for agents to electronically attach documentation at the time of submission using the "File Attachment" feature. Agents may also mail or fax to their underwriting team. Please include the policy number and/or reference number. If the required documentation is not received within a reasonable time, further action may be taken including adjustment of policy information and possible cancellation.

The agent must verify if premium is owed on a prior policy. If premium is owed, it is to be collected at the time of application and forwarded to the appropriate carrier. If payment plan arrangements have been made with the prior carrier, please note this on the application.

If the insured is financing the premium, the automobile insurance policy will be direct billed to the Premium Finance Company. The insured will also receive a copy of any bills sent. All return premiums will be sent directly to the Premium Finance Company.

## † **DOWNPAYMENT**

Arbella requires a 10% down payment on all voluntary new business. Renewals will have a down payment that is 1/12<sup>th</sup> of the premium.

If the named insured has had a prior policy cancel for non-payment of premium within the past 24 months, we will require a down payment of 100% with the new business application or with the endorsement request if adding the cancelled vehicle to an existing policy.

For MAIP Assigned policies:

MAIP rules call for a 25% deposit if an Arbella quote is not obtained prior to the new business application. If an Arbella quote is obtained, then the required new business deposit is 30% of the premium.

## **BILLING QUESTIONS**

Answers to the most commonly asked billing questions can be obtained via the Arbella Mutual website at [www.arbella.com](http://www.arbella.com) which is available 24 hours a day, 7 days a week.

## **ANNUAL MILEAGE DISCOUNT**

For new business submissions, when available the discount will be applied automatically based on the rated mileage calculation using the RMV inspection data.

The discount will also be applied or removed automatically upon the renewal based on the rated mileage calculation using the RMV inspection data.

The Annual Mileage Discount forms will be mailed out on renewal when the mileage cannot be calculated and the vehicle was previously receiving the discount.

There may be situations where the mileage will prefill with an incorrect number. For example, due to incorrect or outdated odometer readings for these cases we provide options to override the odometer readings.

The following options require odometer validation:

- “Enter Odometer Details” - used to provide odometer reading(s) when no reading(s) are retrieved from vehicle inspections
- “Correct Odometer Details” - used to correct errors in one or both odometer readings retrieved from vehicle inspections
- “Replacement Vehicle”-used to enter odometer reading of a prior vehicle if the vehicle on the policy is a replacement vehicle

If the calculated annual mileage is not reflective of future driving due to a change in the risk the following options are available:

- “Lifestyle Change”-used when certain circumstances will alter the rated mileage
- “Other”

## **REWRITES**

When a lapse in coverage has occurred a new business rewrite must receive underwriting approval prior to binding coverage. The application will not be accepted on our system and will have to be mailed in along with the premium payment in full. Please identify when a submission is a rewrite and make notes in the remarks section of the application that it was approved by underwriting. All earned premium from the prior policy must accompany the application. If the prior policy has been cancelled over 17 days please have a Registration and Title Application (RTA) completed at the registry to ensure that the plates will remain active.

## **CERTIFYING REGISTRATIONS**

Once a risk has been accepted by Arbella, use the Arbella Mutual Insurance Company stamp. Certification of any registration (RTA) binds Arbella Mutual to the risk. Do not certify any new business registrations without acceptance, a signed application, and down payment of premium. Blank registration certificates must never be 'pre-stamped' or distributed to any party which does not represent Arbella Mutual for personal lines automobile insurance.

## **COURTESY STAMPS**

When certifying registrations for other Arbella Mutual agencies, you must verify company acceptance with the producer of record. A copy of the registration must be sent to the producer of record within two business days.

## **OPERATORS**

You must list the driver information for the applicant and each person who customarily operates the auto(s) whether they are household members or not. List the complete license number and state on the application or the endorsement.

## **DEFERRED OPERATORS**

All licensed household members and all operators who customarily use an insured vehicle must be listed on a policy. An operator may be deferred if that operator's classification and Safe Driver Insurance Plan points are assigned to another automobile covered by another Massachusetts private passenger automobile insurance policy. A copy of the declarations page must be obtained to defer an operator to another carrier's policy. The only way to list but not charge for an operator is to either defer the operator or have an exclusion form signed for the operator. An operator may not be deferred or excluded if he or she is the only listed operator on the policy. On a multiple vehicle policy an operator may not be deferred from only one vehicle.

## **OPERATOR EXCLUSION**

An operator may be excluded from a policy only if an Operator Exclusion form is signed by both the insured and the excluded operator. We will exclude the operator no earlier than the date that the form was signed. A copy of the form is included in the Forms Library on Arbella.com.

We will only exclude the Named Insured by exception. Please contact your underwriter in these situations.

## **UNLICENSED OPERATOR**

An unlicensed operator is one who has never held a driver's license or has turned in his/her driver's license to the Registry of Motor Vehicles. Do not list unlicensed operators on the application.

## **OPERATORS WITH INVALID/SUSPENDED/REVOKED LICENSES OR AUTO REGISTRATIONS**

Under the Arbella Massachusetts Automobile Insurance Policy, Arbella Mutual can cancel any policy if the driver's license of the named insured or any listed operator is not valid or the auto registration is suspended or revoked.

If anyone in the household has an invalid driver's license during the policy period, Arbella Mutual can issue Massachusetts Endorsement MPY-0032S Suspension of Coverage – Reduction of Limits. This would suspend coverage under any of the Optional Insurance Parts of the policy while that person is operating any auto.

Arbella Mutual can also reduce the limits on mandatory coverages to the minimum limits we are required to sell.

After a cancellation notice for an invalid, suspended or revoked license has been issued, Arbella Mutual will only reinstate a policy, subject to underwriter discretion, when the operator's license or registration is active and Arbella Mutual is notified prior to the cancellation date. Arbella Mutual will not reinstate the policy if an operator is added after we issue the cancellation.

## **FOREIGN/NON-MASSACHUSETTS LICENSED OPERATORS**

An operator with a foreign/non Massachusetts license may be classified as experienced in accordance with Rule 28 of the Arbella Mutual Massachusetts Private Passenger Rules/Rates Manual.

When you process a submission on an individual who has a non-Massachusetts license we require that you obtain a photocopy of the person's proof of identity that was shown to you. This can be one of many types of photo IDs, such as a license, a passport, an employee ID card, etc. This photocopy will be mandatory for all submissions where the named insured has a non- Massachusetts license.

Arbella will not issue policies in cases where the named insured or principal operator of the vehicle has not obtained a valid Massachusetts license within twelve months of establishing residency in the state. If the insured's prior policy has been non-renewed by Arbella or any other carrier for failure to obtain a Massachusetts license, your agency may not bind coverage with Arbella or stamp certificates of registration (RTA) with your Arbella stamp until such time as the operator has obtained a valid Massachusetts license.

If an application for insurance indicates that an operator is licensed outside of the U.S. or such operator is being added to an existing policy, the operator will be initially placed at SDIP Points 00. Once we receive proper documentation, SDIP may be adjusted. A Massachusetts license must be obtained, if required, in accordance with the rules of the Registry of Motor Vehicles. **If a policy is currently in force and the named insured or the principal operator on a policy does not obtain a Massachusetts license as required, we will diary the policy for nonrenewal for failure to obtain a Massachusetts license.**

Be advised that for individuals with a Massachusetts license and prior non-Massachusetts experience, only the information available at the MA RMV will be relied upon. If other information is available, please forward to Arbella for consideration.

MVRs are unavailable to us from **Alaska, Arkansas, California, Hawaii, Idaho, Maryland, Pennsylvania, Virginia, Washington, West Virginia, and Wisconsin** therefore proof of driving history must be supplied by the insured.

## **ISSUING AN INSURANCE BINDER**

Once Arbella has accepted the risk, if your customer needs immediate evidence of insurance, issue an Insurance Binder. A copy of this must accompany the new business application or endorsement request.

Never issue an insurance binder unless you have confirmation from Arbella that the policy will be accepted and one of the following:

1. A completed new business application and supplemental application questions with down payment.
2. An existing Arbella Mutual policy for that vehicle.
3. A complete endorsement request to add the vehicle.

## **MOTORCYCLES**

Collision and Comprehensive premium is based on the original cost new of the motorcycle plus cost new of any improvements to the motorcycle that increase its value. Please forward a copy of the Bill of Sale as evidence of installation of any improvements. Both documents must contain the make, model, serial number and cost new of the item(s) to be covered. Coverage for the additional equipment will not be considered without these items.

Rating Classifications as well as SDIP credits for motorcycle policies are derived from the applicable operator's motorcycle operating experience. Please include on the application of motor vehicle insurance the date the operator was first licensed to drive a motorcycle, or if they have a learner's permit.

Arbella does not offer Stated Amount Coverage for motorcycles.

## **LOW SPEED AND LIMITED USE VEHICLES**

Arbella does not provide Voluntary coverage on Low Speed or Limited Use vehicles. These types of risks should only be placed in the MAIP.

1. A Low Speed Vehicle is a four wheeled motor vehicle that has a 17-digit VIN, a Certificate of Origin, a gross vehicle weight rating of less than 3,000 pounds, a top speed greater than 20 mph, but not greater than 25 mph, and is National Highway Traffic Safety Administration certified as a "Low Speed Vehicle."
2. A Limited Use Vehicle is a vehicle that has been certified by the manufacturer to meet Federal Motor Vehicle Safety Standards for that particular class of vehicle, and whose speed on the paved level surface can exceed 30 miles per hour, but is not capable of exceeding 40 miles per hour.

## **PHYSICAL DAMAGE COVERAGE WITH A DWI**

For new business submissions, Arbella does not provide physical damage coverage on vehicles customarily driven or owned by persons who have been convicted of driving under the influence of alcohol or drugs (DWI) within the previous three years. You may not bind physical damage coverage if a DWI is present within that time frame for any listed operator.

## **PHYSICAL DAMAGE COVERAGE WITH A LIENHOLDER**

All vehicles with a lienholder must carry collision and/or comprehensive coverage unless the insured can provide a letter from the lienholder indicating that they will allow the individual to forgo physical damage coverage.

When deleting physical damage on a vehicle with a lienholder, a copy of a release from the lienholder must be submitted. Alternatively, a statement from the lienholder granting the insured permission to remove collision and/or comprehensive coverage from the vehicle is also acceptable.

## **STATED AMOUNT COVERAGE**

A Stated Amount endorsement places a limit on the company's liability for loss to the vehicle. In the event of a loss, settlement will be made on the basis of the **lesser of**:

- The actual cash value of the auto at the time of loss, or
- The amount necessary to repair or replace the auto, or
- The stated amount

Arbella Mutual can write coverage on a stated amount basis if it can be clearly established that the vehicle's value generates an inadequate premium charge using normal rating procedures. All insureds desiring Stated Amount Coverage must obtain an appraisal from one of our recognized appraisers that includes at least two (2) photographs, at their own expense, which show all four sides of the vehicle. When you receive the appraisal from the insured, attach it to the endorsement request for Stated Amount Coverage and send it directly to the attention of your Underwriter. The effective date for the Stated Amount Coverage is the date on which the coverage is approved by the underwriter. Until Underwriting has approved the appraisal, neither the agent nor the company may bind Stated Amount Coverage. Arbella Mutual requires current appraisals on all vehicles.

A stated amount endorsement is not to be used for custom furnishings or custom equipment in pickups or van type vehicles. Such furnishings or equipment are excluded, and coverage is available only through the appropriate endorsement MPY-0037-s, Coverage for Customized Vans and Pickups.

Arbella does not offer Stated Amount Coverage for motorcycles.

## **HIGH VALUE VEHICLES**

High Value vehicles need to be carefully underwritten and should have underwriter approval prior to submitting an application.

## **ANTIQUÉ AUTOS**

Antiques may be written on a Personal Automobile Policy if the vehicle is registered as an antique. In the event that Insurance Policy Management (IPM) shows that the vehicle is registered with a passenger (PAN) plate number, the classification will be changed to reflect the full rate of premium.

As antique automobiles can only be written on a voluntary basis you must adhere to the following guidelines:

- An insured with an antique automobile must have a regular automobile policy for support.
- No operator on any policy may have an SDIP higher than 6 Points.
- If Part 7, 8, or 9 is requested, we require a copy of a current appraisal, at the customer's own expense, from one of our recognized appraisers that includes at least two (2) photographs which show all four sides of the vehicle.
- An antique automobile valued at more than \$50,000 requires prior approval from your underwriter.

- Antique automobiles must be written on a separate policy. The maximum number of antiques per policy is four (4).

### **COMPREHENSIVE ONLY**

Arbella will write this coverage if the automobile is properly protected while in storage on the residence premises, and if Arbella has supporting coverage for the insured. This determination of acceptability must be made by your underwriter and may NOT be bound by the agent.

### **EXCESS ELECTRONIC EQUIPMENT COVERAGE**

Coverage for electronic equipment is provided as long as it has been permanently installed in an auto in locations used by the auto manufacturer for the installation of such equipment. If the equipment is permanently installed, but not in locations used by the auto manufacturer, coverage is limited to \$1000. Additional coverage for equipment that reproduces, receives, or transmits audio, visual or data signals, that is permanently installed in locations not used by the auto manufacturer for installation of this equipment, may be provided using endorsement MPY-0041-S. Forward a copy of the bill of sale and evidence of the installation. Both documents must contain the make, model, serial number, and cost (new) of the items(s) to be covered.

### **CUSTOMIZED EQUIPMENT**

Arbella Mutual will review the request to offer coverage accordingly. Forward one of the following with the new business application or change request:

- Copy of the bill of sale from the dealer. This must include an itemized list of the customized features and the purchase price (window sticker) or
- Copy of the current appraisal from a licensed appraiser. This must include an itemized list of the customized features.

Coverage for customized equipment is available for any pick up or van insured under the policy for Collision or Comprehensive by attaching endorsement MPY-0037-S, Coverage for Customized Vans and Pick-ups and adding the value of the customized equipment to the value of the vehicle. Determine the value of the vehicle by using Rule 47 in the Arbella Mutual Private Passenger Rules/Rates Manual and then based on the new amount, refer to Rule 22 in the Arbella Mutual Private Passenger Rules/Rates Manual to determine the new symbol.

Coverage for the customized equipment will not be added without the proper documentation.

### **SALVAGE AND OWNER RETAINED TITLES**

A vehicle that has a Salvage Title cannot receive physical damage coverage until the Registry issues a new Certificate of Title and it passes a Registry inspection. The Registry will award a Reconstructed or Recovered Theft title after the vehicle has passed a salvage inspection.

Requests for physical damage coverage on totaled vehicles must be inspected by an authorized pre-inspection service prior to physical damage being added.

## **TOTAL LOSS PROCEDURES**

If a vehicle is retained by an insured after a total loss, please delete physical damage coverage from the policy until **all** of the following conditions are met:

- The vehicle is repaired,
- The vehicle passes inspection at a State licensed inspection station,
- The vehicle has had an Arbella Drive-In Claims inspection; and
- The insured has applied for an owner-retained title, reconstructed title, or recovered theft title

As a reminder, when physical damage coverage is deleted, this coverage will also not be available for a customer's replacement rental vehicle.

Physical damage coverage can be added back to the policy once the above conditions have been met. If the vehicle is not retained by the insured, please advise the insured to return his/her plate to the Registry of Motor Vehicles as premium will be earned until the plate is returned or the policy is cancelled via a lost plate affidavit. If the vehicle is 10 years old or older, it is not required that an owner retained, recovered theft or reconstructed title be obtained, however an Arbella Drive-in Claims inspection is still required. We do suggest that an inspection, by a state licensed inspection station, be conducted to determine that the vehicle is safe to operate.

## **TRUST ENDORSEMENT**

This optional endorsement allows vehicles whose title has been transferred into the name of a trust to be written on an Arbella Mutual Massachusetts Private Passenger Automobile Policy. To be eligible for this optional endorsement, the following criteria must be met:

- The named insured(s) of the policy must be the grantor(s) of the trust.
- All vehicle(s) insured under the policy must be owned by the trust.

This optional endorsement will be displayed as follows:

- The name of the trust will not appear on the Coverage Selections Page, but will appear on the endorsement itself.
- The grantor(s) of the trust will appear on the Coverage Selections Page as a named insured (s).

## **FRAUD IN THE APPLICATION**

Many types of insurance fraud begin during the application process. Agents are our front-line defense in fighting against the fraud that negatively impacts the Company, agencies, and most certainly our customers. Below is a list of basic steps to follow to ensure that your agency staff is aiding in the detection of fraud.

- Attention should be paid to residential locations outside of the agent's community and to mailing locations outside of the insured's garaging city. Agents can ask insureds for proof of residency as evidenced by utility bills like electricity or gas. Cell phone bills are not always a clear indication of residency. Websites exist that can help to verify addresses and phone numbers. Never accept a post office box as a residence address. Know the mailing facility addresses in your community.
- Watch for rewrites of vehicles previously owned by household members or operators on another policy and vehicles which show as a gift on the RTA. Sometimes, new policies covering vehicles "gifted" from household members are an attempt to avoid earned premium or avoid listing certain operators. Verify the past payment history as well as license history of the applicant and operators.
- Ask questions about the possibility of other operators when encountering customers with multiple vehicles and only one operator. Carefully instruct the applicant on listing all household members and customary operators.
- Should you encounter a request for ATD credit on a vehicle with no certificate of installation or other proof of factory alarm, a visual inspection by the agent may reduce attempts at insurance fraud.
- Agents should strive to obtain copies of the licenses for all listed operators.
- Promptly notify the Company of any suspected fraud in an application for insurance, in the underwriting or rating process, or in payment of premium obligations, or surrounding a loss.
